

Rangeland Program

from Ducks Unlimited Canada

Love the land

Producers can receive up to \$5,000 per quarter section to improve pasturelands.

DUC will provide personalized support to optimize grassland productivity through infrastructure incentives and a grazing management plan.

Details

- ✔ DUC will create maps for the producer outlining the proposed activities and design, including paddocks, water systems, temporary fencing, rotation options and other elements.
- ✔ A Grazing Management Plan is included, with advice on enhancing pasture productivity.
- ✔ Grasslands cannot be broken and wetlands cannot be drained for 10 years.
- ✔ Agreement is pro-rated, allowing for early exit.
- ✔ Nothing is tied to land title and no carbon credits are claimed under the agreement.
- ✔ A maximum of \$10,000 per year per landowner for lands that fall within DUC Target Areas OR \$5000 per project for lands that fall outside of DUC Target Areas (see map on reverse side).
- ✔ Eligible on rented lands with landowner permission.
- ✔ Eligible on lands with existing DUC agreements but payments may vary.
