

Sod Seeding

from Ducks Unlimited Canada

Love the land

Rejuvenate pastures with DUC's sod seeding program and receive \$45/acre.

Prevent tillage of grasslands while improving plant diversity, optimizing pollinator habitat and increasing livestock feed quality in poorly producing pasturelands.

Details

- ✓ 10-year term.
 - ✓ Agreement is pro-rated, allowing for early exit.
 - ✓ Nothing is tied to land title and no carbon credits are claimed under the agreement.
 - ✓ 30-acre minimum to qualify.
 - ✓ Eligible on pasture acres, including rented land (with landowner permission).
 - ✓ Not eligible for broadcast seeding establishments.
- ✓ A winning record: DUC has successfully established 1,200 acres of sod seeding in Manitoba.
 - ✓ DUC agrologists will assist producers with seed mix formulation, seeding rates and equipment specifics to ensure successful establishments.
 - ✓ A grazing management plan is included, with advice on enhancing pasture productivity.
 - ✓ Field(s) must fall within DUC's Target Areas to qualify (see map on reverse side).
