

Marginal Areas Program

from Ducks Unlimited Canada

Love the land

DUC pays producers \$200 per acre to seed underperforming crop areas to grass.

Reduce input costs, improve returns in saline areas, create a buffer zone to meet herbicide guidelines and outcompete kochia and foxtail barley.

Details

- ✔ Target marginal areas within annually cropped fields.
 - ✔ No acre minimum to qualify.
 - ✔ 10-year term agreement with a prorated buyout option.
 - ✔ Contracts are not tied to land title.
 - ✔ Field(s) must fall within DUC Target Areas to qualify (see map on reverse side).
- ✔ Spring and dormant seeding are both eligible.
 - ✔ Touch-up seeding is permitted at any time during the 10-year term.
 - ✔ Grazing, haying and mowing are permitted.
 - ✔ Seed can be sourced through DUC or a retailer of the producer's choice. If sourced through DUC, costs are deducted from the \$200 per acre payment.
